This may have resulted in different structure codes being set within the same complexes. Every decade, the Census Bureau undertakes a review of the decennial residence criteria and residence situations to ensure that the concept of usual residence is interpreted and applied in the decennial census as intended, and that these interpretations are consistent with the intent of the law, which directs the Census Bureau to enumerate people at their usual residence. The 2016 Census of Population Program offers a wide range of analysis, data, reference and geographical information according to topics subjects that paint a portrait of Canada and its population.

### 2020 Census Residence Criteria and Residence Situations

Data are presented for the population, total private dwellings and dwellings occupied by usual residents. These tables present focused information for various levels of geography.

### 2016 Census Topic: Population and dwelling counts

Thanks to the outstanding engagement of Canadians from coast to coast and the unwavering support of organizations like yours, the 2016 Census is yielding high-quality information for communities across Canada.

### 2016 Census Topic: Population and dwelling counts

Where a structure was unable to be assigned dwelling structure remained not stated.

### Summary Population and Housing Characteristics: 2010

Structure of Dwelling data for non-responding dwellings in mail-out areas was updated as required by ABS Field Officers during the 2016 Census enumeration period. A map image of the geographic area is also included. The CPH-3, Characteristics of American Indians and Alaska Natives by Tribe, report provides population and housing information for selected American Indian and Alaska Native tribes.

### 1960 Census of Population, Final Population Counts for States.

The full text of these comments is included in an appendix since the format did not allow for them to be presented in the table. The previous category of 'Caravan, cabin or houseboat' has been separated into two categories: 'Caravan' and 'Cabin, houseboat'. Variable history Some information on the structure of private dwellings has been collected for all censuses since 1911, though the specific types of classification used have varied significantly between censuses.

### **City of Kingston**

The CPH-1, Summary Population and Housing Characteristics, report series provides data based on age, Hispanic or Latino origin, household relationship, race, sex, tenure owner- or renter-occupied , and vacancy characteristics. Determining usual residence is straightforward for most people.
