Statement from President Meric Gertler in solidarity with U of T's Black community members

On complex intersections: Ontario universities and governments. MacLean oversaw the university's first period of expansion.

NOT the Majority Opinion: The report if the International Advisory Committee on Greek Higher Education

Barnard 2008 - 2020, Eleventh President Dr. Speakers included Nancy Theberge and Justine Blainey.

Meeting the challenge: Climate change and sustainability at U of T

Although the event was considered to be a partial success, it was also clear that when athletes are focused on competition at such a championship, the Forum was also something of a distraction.

Agent of change: U of T moves forward with plan to be a sustainability leader

Resource allocation mechanisms in tertiary education: A typology and an assessment. Prior to that, he ran the Cancer Informatics program and Princess Margaret Cancer Center at the University Health Network, lead the Digital Health Cluster and MaRS Discovery District, and was the Chief Information Officer at Mount Sinai Hospital.

The Age of Dissent

Class and gender: Intersections in sport and physical activity. The percentage of Ontario post-secondary students who report depression, anxiety and suicide attempts has risen dramatically in the past six years.,

Agent of change: U of T moves forward with plan to be a sustainability leader

She was then recruited to be the first full-time Executive Officer of Ontario Public Drug Programs, as well as Assistant Deputy Minister of Health. The committee will include membership from the university including members of the UTSC Plots Steering Committee, Campus Farm Coordinator, representative from the UTSC Environmental Health and Safety Office, relevant departmental Chairs and faculty plot users or faculty with relevant expertise.

Office of the President

One group studied the practicality of installing a biodigester — a mechanical stomach to break down waste — in residences to improve composting.
