Early in the post-Soviet era, Russia embraced ambitious policies designed to transform a communist dictatorship with a centrally planned 135 economy into a democratic state with a market-based economic system. Removal proceedings: process by which the government formally ends a person's access to the United States. The gains from a military campaign, even if it succeeded, would be limited and difficult to hold, and they might spark a wider war, but ceding territory to the Mongols was strategically unacceptable and ignominious.
