Chaos legions: which is best

If it's fluff, Black Legion are right up there with the Tyranids. A couple of cameos in fighting games is fun but he needs more.

Chaos Legion (novel series)

Long ago, massive amounts of raw Chaos energy spilled forth into the world, its mutating power giving rise to many monsters such as trolls and the Skaven. Due to its many resemblances to another of Capcoms' very popular game , Chaos Legion wasn't very well received by the critics who based their reviews on comparisons to Devil May Cry.

カオス レギオン

My top three would be 1 Emperors Children as they are just sick and to far gone. People in sickness might pray to Nurgle for relief, but rather than heal the sick, Nurgle helps them endure their illness by removing their pain and misery, all the while exacerbating their physical degeneration though with the best intentions as they were not specific in their prayers.

Regular wargaming posts, painting and discussions Another vote for the Thousand Sons here.

Chaos Legion PC Eng

I much prefer his obsessions with performance and perfection leading him to feel betrayed by the Emperor's mortal failings in the face of a god to the whole possesses by a daemonsword crap. Fortunately, Sieg can switch between two sets of Legions in each stage, providing a certain amount of flexibility in battle.
