Hyphens or spaces usually separate the elements of the number on the item. Thirteen-digit ISBNs must begin with either 978 or 979.

OCLC Classify

OCLC numbers vary in length. The UPC appears as a barcode symbol with 12 digits printed below it. The Classify prototype helps librarians apply classification numbers to resources in library collections.

OCLC Classify

OCLC does not sell books and the actual content is not provided in our database. The classification numbers applied to books and other materials are used to arrange items on shelves and to support browsing, filtering and retrieval of bibliographic information in online systems.

OCLC Classify

Each ISBN is a 10 or 13 digit number. Classify provides a user interface and a machine service for assigning classification numbers and subject headings.

OCLC Classify

The Classify prototype is designed to help users apply classification numbers.
